CORE / FINE PORCELAIN STONEWARE MADE IN THE USA.

# CORE

---

The desire to bring an edgy, urban and aesthetically neo-industrial porcelain tile to the table propelled us forward while creating Core.

Concrete is everywhere; we walk, drive and dance on it but seeing it so frequently has erased its significance from our minds.

Although we may love the minimalistic and inner-city look of concrete, the concrete industry is a top contributor of carbon dioxide, a significant greenhouse gas and that does not align with our core values.

A genuine and passionate concern for the world we live in and the way we treat it has always been a major defining characteristic of Florim USA and Milestone.

Core is comprised of 40% recycled content, is made from locally sourced, natural materials and contains no VOCs, PVC or Formaldehyde, commonly found in other flooring options.

Available in four designer colors, Core also includes mosaic and trim options.

UNIFORM APPEARANCE

Differences among pieces from the same production run are minimal.

V2

SLIGHT VARIATION

Clearly distinguishable differences in texture and/or pattern with similar colors.

V3

MODERATE VARIATION

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

V4

SUBSTANTIAL VARIATION

Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

# technical specifications

		REFERENCE VALUE	DECLARED VALUE	TEST METHOD
	SURFACE ABRASION		IV	ASTM C1027
	WATER ABSORPTION	≤0.5%	MEETS REQUIREMENT	ASTM C373
	CHEMICAL RESISTANCE	AS REPORTED	NOT AFFECTED	ASTM 650
	DYNAMIC COEFFICIENT OF FRICTION	≥0.42 WET	MEETS REQUIREMENT	ANSI A137.1
	STAIN RESISTANCE	AS REPORTED	NOT AFFECTED	ASTM C1378
	BREAKING STRENGTH	AS REPORTED	≥400	ASTM C648
	RESISTANCE TO FREEZE	AS REPORTED	RESISTANT	ASTM C1026

**RESISTANT FOR THE HOUSE** The product is water-resistant: it stops liquids, body oils, acidic and staining substances from penetrating the tiles. It resists scratches, scuffs and gauges better than any other floor covering. It does not absorb fumes, odors or smoke. It doesn't discolor or fade when exposed to sunlight, or other natural elements. It is completely fire proof. It resists burns and doesn't feed a fire. Its high resistance to abrasive dirt and grime makes it suitable even for heavy-traffic areas of the house such as hallways, entrances, foyers and walkways.

**FROST RESISTANT** Exceeding the ADA standard requirements, the Milestone product can also be used for outside applications. It stands up to abrupt temperature changes and freezing-thaw cycles. When properly installed according to ANSI A137.1. It's strong enough to be used in exterior applications even in frigid climates. Proper consideration must be given to the anti-slip requirements of the area to be tiled.

**ANTI-SLIP** The testing conducted on our finished product will guarantee that all of our tiles will have an anti-slip surface so they may be used with total confidence in kitchen and bath applications. The Milestone product is perfect for both home and commercial interiors, such as restaurants, offices, retail stores, etc. Its anti-slip properties provide a safe walking surface in both wet and dry conditions, according to the Americans with Disabilities Act.

**HYGIENE/SANITATION & EASY CLEANING** The Milestone product doesn't absorb odors or bacteria of any kind. It's easy to clean with a damp sponge, mop, or cloth. For a more intense cleaning, simply use a mild solution of water and a common household detergent. Regular cleaning will stop the growth of germs and bacteria in damp areas such as the bathroom.

- DUE TO THE INHERENT NATURE OF FIRED PORCELAIN TILE, IT IS IMPORTANT TO NOTE THAT THE COEFFICIENT OF FRICTION MAY VARY WITHIN AND BETWEEN PRODUCT RUNS.
